

Mineral Feeders

Features

Polyethylene Hood/Tub (one piece) with Metal Wind Vane

- Beveled hood opening is 28" x 24" - big cattle, even horned cattle, feed easily.
- Low center of gravity for more stability.
- Top of tub is 23" from the ground so calves can gain easy access.
- Aerodynamic hood and wind vane aids directional control.
- Full 360° rotation protects expensive supplements from the elements.
- The 48" x 48" tubular base frame is constructed of 2" 16 gauge, 50,000 psi steel tubing for strength and stability.

UPRIGHT MINERAL FEEDER	DESCRIPTION	WEIGHT
S15493BRN	Poly Mineral Feeder	74 lbs.
S196478	Metal Base Only With Pivot	43 lbs.
S191597P	Metal Base Only Less Pivot	33 lbs.
S171642	Kit - Dust Bag (Dust Insecticide)	3.6 lbs.
S164646	Dust Bag Replacement	0.5 lbs.
S168229	Kit - Poly Tip Tank (Oil Insecticide)	5 lbs.
