

# 2" Continuous Fence

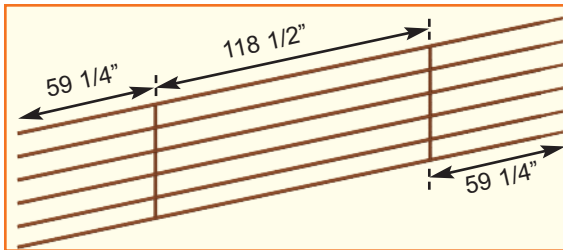

4, 5 & 6 rail - available in 10' & 20' lengths

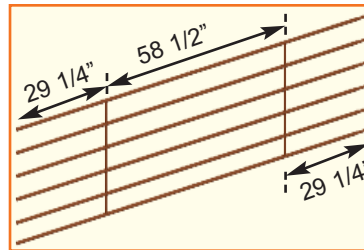

Clips

Elbows

20' panel measurements

10' panel measurements

End Post

## Specifications

- **Height:** 4 rail: 36"; 5 rail: 48"; 6 rail: 59"
- **Rails:** 2" x 16 gauge round
- **Braces:** 1 1/2" x 16 gauge round, notched & welded
- **Connection:** Swaged end inserts into open end of next panel
- **Paint:** Baked on powder coat paint
- **Weight (in pounds):**  
4 rail: 20' - 114, 10' - 60  
5 rail: 20' - 143, 10' - 76  
6 rail: 20' - 170, 10' - 92
- **Warranty:** 1 year
- **Steel:** 1017 carbon steel rated at 58,000 PSI

## Highlighted Features & Advantages

- Very versatile, even on uneven ground
- Easy installation with clips and lag bolts to posts
- Very low maintenance, long life & resists weathering
- Round tubing is safe with no sharp edges
- Mounts at any height to suit a wide variety of applications
- More durable than lumber or vinyl
- Maintains re-sale value

## Suggested Applications

- Perimeter fencing
- Rodeo/roping/riding arenas
- Pastures
- Corrals
- Yard fencing

# 1 1/2" Continuous Fence

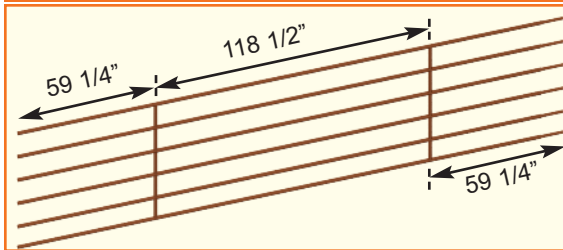

4, 5 & 6 rail - available in 10' & 20' lengths
